DELEGATION OF ALLOCATION AUTHORITY
LOCAL ASSISTANCE ALLOCATIONS FOR LOCAL STORM DAMAGE
AND LOCAL STREET AND ROAD PAVEMENT REHABILITATION PROJECTS
RESOLUTION G-99-09 ALLOCATIONS

BACKGROUND

On March 30, 1999, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-99-09 for Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. In addition, the Commission delegated to the Department authority to advance the allocation by one year with the approval of the responsible regional agency. This authority allows the local agencies to begin work without waiting for the next CTC meeting to receive an allocation and to begin work earlier if the project or component is ready for implementation one year earlier.

These Local Storm Damage and Local Street and Road Pavement Rehabilitation projects are included in the adopted State Transportation Improvement Program (STIP).

SUMMARY AND CONCLUSIONS

Pursuant to the authority granted by Resolution G-99-09, the Department made 57 separate allocations totaling \$17,880,000, for 54 Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. A list of the 57 allocations is attached.

Pursuant to the authority for advancing the allocation by one year, two allocations totaling \$544,000 were made during this report period for two projects scheduled for implementation in FY 2000-01.

To date this fiscal year, a total of \$121,720,200 has been allocated for 326 projects, of which \$7,829,000 was for 18 projects scheduled for implementation next year. To date this fiscal year, a total of \$41,000 in savings was requested for one project. Details of the captured savings are shown in Attachment II.

Of the \$300 million authorized for Local Road Rehabilitation activities, \$287.7 million has been programmed through May 2000 CTC actions; an additional \$2.6 million in programmed projects is proposed for action at the June 2000 CTC Meeting with \$0.9 million more proposed in amendments that will be noticed at the June 2000 CTC Meeting. The total amount for local rehabilitation projects programmed, or proposed for programming, is approximately \$291.2 million.
